Problem Statement

- ❖ You have friends that are into really cool music, art, readings, etc. but never know where they find it.
- ❖ You only learn about these pieces of art when they mention it in conversation.
- ❖ In order to learn where they find these materials you must ask them.

Product Description

❖ RSS aggregator that lets you subscribe to content
❖ Capability to subscribe to other feeds so you can view the content others are viewing
❖ Wide range of filtering capabilities so you see only what you want
